June 29–July 7, 2012

Come explore the beauty of Rwanda, the land of a thousand hills, and the history of civil unrest and genocide that transformed the country. This exploration will take you throughout the country's many memorial museums, cultural sites, and educational institutions.

Participants will have the opportunity to hear from survivors of the genocide, to connect with educators in Rwanda, and to learn from local groups that are working to rebuild a post-genocide nation.

This trip is geared towards those interested in teaching and learning about genocide and its effects on future generations.

Rwanda's rich culture and history are not to be missed. This tour, led by English speaking guides with a deep knowledge of Rwanda, will provide all who are involved with a meaningful and unforgettable experience.

Day 1 – 29 June, Friday

Depart Seattle at night, travel through June 30

Day 2 – 1 July, Sunday

From the airport we will go to the hotel in Kigali to check in and freshen up. The afternoon will include a driving tour of Kigali with a stop to exchange money. The evening will include a welcome to Rwanda dinner, introductions to the group, an overview of the week, Rwandan cultural tips and some basic Kinyarwanda language lesson for fun.

Day 2 – 2 July, Monday

The morning will start with a tour of the Belgium memorial. This is a small and yet important piece to understanding what took place in Kigali as the genocide unfolded. You will then be given a guided tour through the Gisozi Memorial in Kigali and will have the opportunity to hear from a survivor of the genocide. Participants will have the option to leave wreaths on the mass graves. This site is the final resting place to over 260,000 victims of the Genocide against the Tutsi.

*Free evening.

Day 3 – 3 July, Tuesday

The group will meet with the Genocide Commission. After lunch we will meet with Dr. Simba Kananga, of Kigali Health Institute, and his college age students to discuss how the genocide is taught and perceived and how the country has worked to move past this violent history. (Other questions or topics you might want to discuss are welcome.) The day will finish with a visit to the local artist community Ivuka.

**Group dinner

Day 4 – 4 July, Wednesday

Rwanda Independence Day—Visit the Agahozo- Shalom Youth Village (ASYV). This village is modeled after an Israeli settlement that was built for orphans of the Rwandan genocide. The students living in this village are survivors, many of which became the head of their households at a young age. Following lunch at ASYV, there may be opportunity to enjoy the vast grounds and relax with a game of soccer, volleyball, or photograph. Arrive back to Kigali in the late afternoon to early evening.

*Free evening

Day 5 – 5 July, Thursday

An early morning breakfast and an early start to visit several genocide memorials: Jardin du Memory – the hill in which many were murdered after the death march from Sonatube, Ntarama and Nyamata. About The Owners

Paul Karemera has been leading groups for over a decade. His knowledge, love and excitement of Rwanda's history, development and the National Parks (especially the gorillas) make him an excellent guide. Paul is fluent in English, French, Kiswahili, Luganda, and Kinyarwanda and works additionally as a translator. One of his ambitions is to help the outside world see Rwanda in a more positive light.

Shelly Rosen arrived in Rwanda for her first visit in March of 2006. Her son's 5th grade research paper on Rwanda peaked her interest as she saw the commonality between the Holocaust and the Rwanda genocide against the Tutsi in 1994. One year later she was on a plane to see Rwanda for herself. Her experience in Rwanda has been as a consultant on coffee purchasing trips, and she has volunteered as a travel and event coordinator. Shelly has worked with Rwandan youth in digital photography and coordinated the renovation of classrooms in a Nyamata Primary school. Shelly is the mother of teenage boys and a full time student, working towards her Master's degree in cross-cultural communication. Both Shelly and Paul are American Red Cross Certified, CPR, 1st Aid and AED instructors and have certification in remote wilderness safety.
